Subject: RE: Follow Up

Thank you so much for your email, Bruno.

Everything went very well with the install. Of particular note, many thanks to Andrew and his co-worker. They were just so professional, and took great care to protect the equipment and clean up afterwards. I was quite impressed with the two of them.

Please extend our well wishes to everyone at Antham, for a wonderful summer season. Hope you all get a chance to take some time off to relax!

Best,
Dr. Sheila Wong
