Bruno, Adam, Charmaine:

I just wanted to pass on my thanks and congratulations to you for all the job you did at Dr. Dawabsheh's office. Well organized with timely meetings, appropriate adjustments by Adam to ensure things were installed with quality, great communication, and job site prepared perfectly for our arrival of the dental equipment. Your trades accommodated our requests really well. I think the office looks great, and the Doctor seems very proud of the result.

Merry Christmas, and I look forward to the next job together.

Thanks,

Mark Connor
